1. Entire Team means your ENTIRE TEAM. You WILL require a fifth party to get all four of you in one single frame. Complete strangers are often really helpful in this regard.

2. Person, Place or Thing. Means ACTUAL item, you may NOT take a photo of a photo of a mullet, nor may you find the image online and pretend that you took the pic.

3. Someone can be ANYONE a friend, relative, a teammate, a roommate, a stranger, a cop, a waitress, we don't care; we just want that action immortalized digitally.

4. Stranger means someone you DO NOT KNOW and once they've taken a shot with you, they are now family, EVERY Stranger picture will require someone NEW.

5. Teammate means one of the four people signed up on the team, one of the four folks who are on your team and appear in every single Entire Team picture.

6. Each picture may count only for one item a shot of a deer in headlight giving birth is worth only deer in headlights or something giving birth NOT BOTH.

7. Number your photos. If we cannot figure out what your picture is, we will not count it.

8. NEVER EVER do anything dangerous, illegal, or damage property! We do not want you hurt in any way. If you do not like a dare, don't do it! Move to a different number! You are **NOT** REQUIRED to do them ALL, just the ones you want. This is supposed to be for fun.

9. Team with the most points wins! Submit images labeled: Team # _ # of dare **ex]** Team3_405 (Make sure they are all numbered the same way and uploaded together so they show up together.)
